

HANOVERIAN PROFILE

ABOUT US

Hanoverian chocolatier was created in 2015 to bring the best chocolates experience to the Saudi market. Our chocolate is very popular and we distribute our happiness to all cities in Saudi Arabia and we are recognized as one of the best well known brands in the market. In addition, we wanted to create a space where one could enjoy a cup of coffee with our handmade chocolates and other delicacies. The Hanoverian Cafe opened its doors later in 2021 at Takhassusi Street, Riyadh. Our customer can enjoy a luxurious varieties of pastries, chocolates and beverages that match all taste and craves.

Our store design is a classic Victorian style. We have installed high ceilings, hardwood floors and glass chandeliers to give the feeling of luxury and royalty. To emphasize the grandeur, we are using incredibly thick drapery that hides all of our shelving units from view when opened. Our products will be displayed in locked display cases behind glass so that customers may open the drawer or door only with their sales associate guidance
